Declaration

I confirm that the vessel is correctly insured and that I have read and abide by the 2020 Terms of Business and Rules set out in the Lochaline Harbour hand book. Copies of the hand book can printed for you, sent electronically or read on our website www.lochalineharbour.co.uk under the 'Services and Charges' section.

I confirm that I have read and understood the above declaration:

Signed _____ Date _____ Client agreement

Signed _____ Date _____ HM on behalf MCTC

Winter Season Special Rules: 31st October to 29th February.

Pontoons are closed to non-local boats in the winter season except in the event of an emergency. Non-local boats arriving unannounced at the pontoons will be directed via signage to pick up a mooring; however a degree of flexibility will be offered for boats who make contact with Harbour Masters via the Harbour mobile 07583 800500 (either on arrival or preferably beforehand), should it be convenient to accommodate them (at the discretion of the HM). Prices charged will reflect need for an unplanned visit by Harbour Master.

All activity by local boat users is at the discretion of the Harbour Masters. There will be zero tolerance for abusive or aggressive behaviour towards harbour staff and/or others.

All planned activity by local boats to be pre-booked at least one week in advance via the Harbour mobile phone (07583 800500); this is to enable Harbour staff to co-ordinate H&S checks, plan attendance, and undertake preparatory tasks.

Local boats can be pre-booked in advance for maximum 2-night consecutive stays (and/ or pick up & drop off activity), providing owners/ operators are either staying onboard or staying locally (within 30minutes drive) and easily contactable in the event of weather and/ or other threats that would require them moving off the pontoons quickly.

All local tenders to a maximum size of 4.5m are permitted on the pontoons in the designated area.

Pontoon lighting will remain on during the winter months; power to the pedestals and water will be switched on for pre-booked stays/maintenance periods.

Local boats can be pre-booked for winter maintenance periods to conduct light maintenance – i.e. minor repairs or minor maintenance of a routine nature by the vessel owner. An application/consent maintenance form must be signed by the boat owner and Harbour Masters. Any damage to any part of our premises from any work carried out will be charged to the skipper or company responsible. In particular, any work planned above and beyond light maintenance (for example hull painting or engine overhauls) must be discussed and pre-booked with Harbour Masters so that adequate measures can be put in place to prevent damage to pontoons or paint/ oil spillage etc.

Local boat user's insurance details must be lodged with Harbour office.

Reasonable use of electricity, water and WiFi is included in the price.
